If the trip is to be called off due to weather or lack of competitors the next immediate weekend will be used as a backup. If we are unable to fish on the backup weekend fishing will be suspended till the following months date.

WEIGH-OUT PROCEDURE -

Competitors are required to attend the designated weigh-out area (South Passage Bar) at the time stated in SMS. If unable to attend the weigh-out by the scheduled time, please contact either the Captain, Vice-Captain or Competition Secretary as early as possible. A buddy system will be put in place where 2 x boats will be paired up and are to stay in contact with each other throughout the day. Coastguard should also be contacted if possible.

Should a competitor choose to leave from an area other than the designated weigh-out area, the Competition Secretary or Captain is to be notified at time of nomination. Contact the Captain by radio is essential immediately on launching vessel. Late starters must contact the Captain by radio on launching their vessel. If unable to contact Captain ensure you contact one of the offshore committee members who will pass on your message.

If it is necessary to leave the competition early, contact the Captain when leaving and Coastguard and captain when safely back to shore.

The Captain can designate new boundaries for the competition or cancel the trip in the event of bad weather conditions. This decision will be made at the weigh-out time. All competitors must contact the captain prior to departure to confirm fishing boundaries and the status of the trip.

WEIGH-IN PROCEDURES -

All fish are to be in weigh-in area by the designated time to be eligible for points to be recorded. In the case of extenuating circumstances it will be up to the Offshore Captain to make a decision in regards to weighing in or not.
